# **The Code of Hammurabi, King of Babylon**

**Edited by ROBERT FRANCIS HARPER**

**Second Edition**

The monument on which the Code of Hammurabi is engraved was found in December, 1901, and January, 1902, on the acropolis of Susa by an expedition sent out by the French government under the Director General M. de Morgan.

This volume contains a transliteration and translation of that text, together with photographs and autographed copies of the columns on which Hammurabi, some 2,250 years before the Christian era, inscribed a codification of the existing laws of his people. In addition there are lists of proper names, signs, numerals, corrections, and erasures, a glossary, an index of subjects which will prove of service to those interested in this ancient lawgiver's code.

*xvi+192 pages and 103 plates, large 8vo, cloth \$4.00, postpaid \$4.25*
